NO. 15

CONTEST ON WITH A RUSH.

Many Nominations Received from All Parts of the County.

The popular subscription contest, which was announced in our issue of last week, opened with a rush. We were surprised at the interest manifested, but when one comes to consider the splendid array of presents offered it is not to be wondered at that the ladies became active so soon.

The task is a comparatively easy one to secure a prize for there are two prizes for each of the three districts and the prizes are not only of good quality and stylish but are such as any lady would admire and desire. It is many times the case that a cheap lot of prizes are offered, but that is not the case with this contest. No effort to describe the prizes can give you the proper understanding of their excellence; you should call and see them. One look will convince you that there is value of a high order in every one of them.

People are always glad to help those who try to help themselves and for that reason the more active you become the more the public and your friends will sympathize with you and help you.

We mailed over 600 extra copies of the paper last week to persons in the county. This week we shall mail several more. In each of the papers sent out last week there was a free coupon good for 100 votes. Get every one of those free coupons you can, have your friends fill them in and bring them to this office and have the votes counted for you. Because of the bad weather we shall continue the free vote coupon until Wednesday, April 19, at six o'clock, p. m., instead of stopping it today as first planned. That gives you a chance to get many more free votes, if you get in the contest in earnest and work hard. The kodak offer will also be extended to Wednesday, April 19, on account of the bad weather.

Nothing like getting a good start. It is much easier to keep ahead when you start that way than to get in the lead when some one has gotten the start of you.

NUMBER OF CONTESTANTS.

Through oversight last week, we failed to state that no prize will be given in any district unless there is more than one active contestant, but judging from the interest shown there is no danger of that condition arising in any district.

We have received many nominations for which we are very grateful to our friends, but the contestants will be much more pleased than we, when they see the beautiful prizes that are offered. Call at this office, hear the talking machine, see the diamond ring and take a look at the three beautiful gold bracelet watches and diamond set lavalliers. The watches are in gold cases that are warranted for 20 years, 14 jewel works, Elgin movement. The lavalliers are set with three diamonds each and are a work of art and beauty. Get in the contest at once and stay to the end and you are sure to have no cause to regret it.

The following is the list of those who have been nominated:

Watson

Mrs. Dan Abston is on the sick list. D. M. Wheeler was here from Crab Orchard Thursday and Friday. H. C. Hamby was here from Millstone Tuesday.

Cranville Green has been very ill with grippe, but is better. C. G. Hazell, of Harriman, was here on business last week.

Homer Price made a business trip to Rockwood Saturday.

Mr. and Mrs. Preston Burnett and family, of Crossville, have recently moved into our vicinity.

Mr. and Mrs. Wm. Nealon made a trip to Crossville Saturday.

Joe Tedder, of Rockwood, is passing a few days with relatives here.

Mrs. E. P. Melvin, of Waldensia, was the guest of Mrs. J. T. Shadden Friday and Saturday of last week.

James R. Nance was here from Rockwood last week.

E. P. Melvin and James Scott made a business trip to Crossville last week.

A. S. and L. G. Watson went to Roane county last week and purchased a nice bunch of young cattle.

Miss Robbie Gill has returned to her home at Dayville, after passing a few days here with her sister, Mrs. Arthur Swafford.

Joe Shadden, who is attending the Cumberland County High School, spent the week-end with homefolks. He was accompanied by Miss Rose Burnett, of Crossville.

The Pine Grove Sunday school is progressing nicely with M. T. Hamby as superintendent. April 8. XX.

Swat that fly and you will stop the life of a million before the summer is over.

S. W. Potter was in town Monday from Peavine. He has a large logging contract for the Cumberland Lumber Company, which he has about completed.

Sam Hyder, home at Creston, wife and three children, while working for the T. C. railroad fell from a running hand car last week and severely injured his right leg and knee. He was brought to town Monday and the wound was dressed by Dr. V. L. Lewis. The injured man is now at the home of J. D. Burkhardt here in town. The wound is of such a nature that it will be some weeks before he will be fully recovered.

W. J. Hodges, J. Q. Burnett and A. B. Wyatt have recently purchased the timber on a 1,100-acre tract of land lying in the Isoline neighborhood. The tract is known as the Childs lands and it contains much valuable timber that will be marketed at once. First all timber suitable for staves will be removed and the rough staves shipped here to be worked by John Q. Burnett & Son. After the stave timber is removed work will commence on the tie timber. It may be that both will be worked at one time to some extent. It will require several months to work the tract and will furnish employment for several hands.

TO CORRESPONDENTS.

Much to our regret we are forced to abridge much of the news received this week. After this week conditions will be normal again we hope.

TAKEN WITH CROUP.

A few nights ago one of my patrons had a child taken with croup, writes M. T. Davis, merchant, Bears-ville, W. Va. "About midnight he came to my store and bought a bottle of Foley's Honey and Tar Compound. Before morning the child was entirely recovered." Many such letters have been written. For sale by Reed & Burnett.

HIGHWAY WORK BEGUN.

C. E. Keyes With Small Force of Men Commenced the Preliminary Survey Monday.

The actual work of locating the Dixie Short Route was commenced Monday when C. E. Keyes with a force of four or five men started the preliminary location running north towards the Fentress county line. There will be more than one line surveyed before the final location is determined upon. One line will go via Creston.

It is the purpose of the Highway Commission to do at least a few miles of the construction work with teams and tools under the general direction of C. W. Bell as superintendent. Just how much of such work the commission will do they do not know, but will do so much as they feel will be necessary for them to get a better understanding of the work than they or any of our people can now possibly have. In other words, it is experimental for the purpose of learning so that in the event they find it necessary later to let contracts for certain portions of the work—or for all of it for that matter—they will be prepared to know actual cost of the various kinds of construction, cost of moving dirt, rock, clearing right-of-way and all possible details that they can reasonably be expected to learn from actual experience. Their purpose in doing this is to enable them to know when a fair or unreasonable price is asked by future contractors, should there be any.

The commission also expects to be influenced to some extent in location by what the people of the various neighborhoods will contribute to the work.

Naturally there has been some impatience on the part of the public because the commission did not move more rapidly with the work. The commission have been aware that their progress has been slow, but they preferred to move slowly rather than to undertake things in which they were uninformed and have been for many weeks giving much careful study and consideration to a multitude of offers, suggestions and propositions and have finally decided upon the plan of actually doing a small portion of the work for such information as it will furnish them.

No contracts have been let, no persons have been employed for any definite time other than from day to day as the commission shall see fit to keep them employed.

Members of the commission appeared before the county court Monday and explained their attitude and the course pursued met with the hearty approval of the court and of all who heard what they had to say. That our people are wanting the roads very much there can be no question. It is now evident that the surest way and the quickest is for our people to lend all possible aid to the commission in the matter of rights-of-way and all other things that will tend to forward the work. To demand pay for rights-of-way, for any timber used, however small, and to assume the attitude of getting every cent possible out of the commission for such service as is rendered, will only tend to retard the work and it may result in causing the road to be built in some other way than by your farm. Aid, encouragement and a generous spirit on the part of every one will be the best and will result in the largest number of miles of road for the money expended, and that is what the public generally most desires.

It was made very plain by the commission that the question of expense is one that will receive the most careful scrutiny and is to be one of the main features of the work that is to be kept down to the minimum.

The commission feels, and rightly too, that in the final outcome the people will approve more generally of their course if they exercise extreme caution in expenditure than if they should do some wasteful things as the result of undue haste in construction work.

One of the most encouraging things in connection with the whole matter is: Every dollar that is spent will be used with the eye single to the best interests of the county and if any person thinks there is an opening for graft or extortion in any way they are doomed to disappointment. It will be a mighty smooth schemer who lays hands on a dollar of that \$200,000 that he is not justly entitled to have for service rendered.

HIS AGE IS AGAINST HIM.

"I am 52 years old and I have been troubled with kidney and bladder trouble for a good many years," writes Arthur Jones, Allen, Kas. "My age is against me to ever get cured, but Foley Kidney Pills do me more good than anything I ever tried." Rheumatism, aching back, shooting pains, stiff joints, irregular action, all have been relieved. For sale by Reed & Burnett.
